

Ridgeview™

Vinyl Siding

NATURALLY DISTINCT

Naturally Distinct Home Exteriors

A unique blend of art and science, Ridgeview™ vinyl siding offers homeowners an unparalleled choice in home cladding. From design and color options to panel performance and durability even in weather extremes to long-lasting, maintenance-free good looks, Ridgeview™ delivers. You'll also enjoy the peace of mind that comes with knowing you've chosen an eco-friendly product.

A GREEN CHOICE

As part of our "Green Product" program, Ridgeview™ vinyl siding is produced with our proprietary tri-extrusion process. This technology allows us to produce a consistent, high-quality product that marries a recycled PVC-blend core with a premium virgin PVC outer layer. Ridgeview meets the following sustainability standards:

- Recycled content certified by Scientific Certification Systems
- NAHB Green Approved Product
- Meets VSI standards
- Recycled PVC-blend core
- 100% recyclable
